

HARIPRASATH C

Software Developer

Tanjore, Tamil Nadu, India

Mobile: +91 7867051553 | hariprasath20.c@gmail.com

PROFESSIONAL SUMMARY

Passionate and results-driven .NET Developer with 2+ years of hands-on experience in designing, developing, and deploying robust Windows and console applications. Specialized in Windows Forms, delivering intuitive and user-friendly software solutions that exceed client expectations.

TECHNICAL SKILLS

Languages: C#, SQL, JavaScript, PHP

Development: Web & Desktop Applications, Responsive UI Design, Agile/Scrum Methodologies

Architecture & Patterns: Clean Code Principles, SOLID, Design Patterns (Creational, Structural, Behavioral)

Frameworks & Tools: .NET CORE, WINDOWS APPLICATION, MVC, Git, Postman, REST APIs

Debugging & Optimization: Performance tuning, Memory profiling, Code refactoring, Exception handling

Data Integration: SQL Server, RESTful services, JSON/XML, API integration

Analytical Skills: Strong algorithmic thinking, logical problem-solving, complexity analysis

PROFESSIONAL EXPERIENCE

► Conserve Solutions | July 2025 – January 2026 | Trichy

Software developer

- Led end-to-end development, deployment, and optimization of enterprise applications and automation plugins including **WeManage, Meetly**.
- Built scalable and secure solutions using **ASP.NET / ASPX, IIS, SQL Server, JavaScript, Azure AD (MSAL), Microsoft Graph API, PM2, Vercel**.
- Designed advanced dashboards, reports, filters, validations, and **Excel/PDF exports** with optimized SQL queries and responsive UI.
- Implemented **meeting and room booking systems** with Azure AD authentication, Graph API integration, timezone handling, and modern UI components.

► Hashtechy Technologies | July 2024 - Dec 2024 | Ahmedabad

DotNetCore Developer

Micro Service Architecture, gRPC, Docker

- Developed **Web APIs using the gRPC framework** for managing user, admin data through ID-USER properties.
- Designed and modified CRUD operations leveraging interfaces for enhanced modularity and maintainability.
- Gained hands-on experience with Docker for Windows as part of the learning process.

► MamoTechnolabs | April 2024 - July 2024 | Remote

DotNet Developer

InSun Web Applications - Kendo Telerik UI Framework

- Developed Web APIs for dropdowns and data grids.
- Implemented data exporting to Excel and PDF, utilizing SQL Server stored procedures.
- Enhanced user experience with modified grid layouts and intuitive UI designs.
- Incorporated **AJAX calls, API integrations, and JavaScript loaders**.
- Conducted complex calculations (**units, currency, totals**) with SQL optimizations.

➤App Innovation Technologies | May 2023 - March 2024 | Coimbatore

DotNet Developer

QBLC, SALC Windows Applications (WinForms)

- Integrated XML responses with **WinForms** to fetch QuickBooks data.
- Implemented multiple data formats, including barcodes and custom date fields.
- Optimized SAGE application data retrieval with added fields in **DataGridView**.

Integration Application - Invoices

- Developed a WinForms application to retrieve and export invoice data from XML.
- Automated data extraction into Excel with customized headers.

Scantron - Survey Projects

- Imported and managed employee data using C# scripts and SQL Server.
- Designed and implemented **console applications** for integration and automation tasks.

ProcessMaker Survey Application

- Created custom survey forms with PHP and JavaScript for US colleges and universities.
- Resolved mobile responsiveness bugs and improved UI with Qualtrics tools.

ColdFusion Projects

- Developed front-end and back-end solutions for healthcare survey systems in the US.
- Created SQL database reports and mobile-responsive forms for data visualization.

Power BI Dashboards

- Imported SQL Server data and generated interactive reports with filters and charts.
- Designed responsive web and mobile views for data presentation.

Integration and Communication Services

- Configured email servers (GMail, SMTP) and implemented OTP services (Twilio, InfoBip).
- Designed advanced validation forms with Regex patterns.

➤Veradis Technologies | Dec 2022 - March 2023 | Coimbatore

Associate DotNet Developer

Implemented web applications using crud operations

- Retrieving 10,000 records of json data into web view and insert the data into sql server using Web API
- Designed web view and mobile view using Html Css and Javascripts
- using queries to processes the imported data
- Authentication and Authorization ,sending data to ClientSide and ServeSide using string Query

INTERNSHIP EXPERIENCE

Java FullStack Developer

Pumo Technovation | Aug 2022 - Nov 2022 | Coimbatore

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering

SVS College of Engineering, Coimbatore (Anna University affiliated)

CGPA: 7.79
